Get Your MAMMOGRAM DONE

1) What is Mammogram?

- Mammograms are Low-dose X-rays that can help find Breast Cancer.

2) Why Should I Get a Mammogram?

- Mammogram can detect a Breast Cancer in very early stages even before you can feel a lump in your breast.
- So, A Screening Mammogram can help in early detection of Breast Cancer.

3) Who should get a Mammogram?

- American Cancer Society Recommends.

**Women above 45 years should
get a Mammogram Every Year**
